Why Recount Ohio?

- 3600 Republican voter challengers; 2000 Democrat challengers. Republicans plan to challenge the 23,000 voters on their list. SoS says absentee voters who didn't receive ballots may NOT vote provisionally (overturned by judge).

Ballots in some precincts were counted twice.

29 voters voted absentee AND provisional.

Polling places had half the number of voting machines needed.

Long lines — 3 machines for 1500 reg voters.

Statewide: 2 precincts had 25% presidential undervotes; 2% rate county wide.
